PERFORMANCE ASSURANCE PLAN

[Modified Collocation Section 6.3]

6.3 For collocation, CP-2 and CP-4 performance measurements shall be relied upon for delineation of collocation business rules. For purposes of calculating Tier 1 payments for failure to meet collocation installation intervals, if Qwest does not deliver the collocation space by the required Ready for Service (RFS) date, Qwest will credit CLEC in an amount equal to one tenth (1/10th) of the total non-recurring charge for the ordered collocation for each week beyond the required RFS date. For purposes of calculating Tier 1 payments for collocation jobs and collocation feasibility studies that are later than the due date, will have a per day payment will be applied according to Table 3. The per day payment will be applied to any collocation job in which the feasibility study is provided or the collocation installation is completed later than the scheduled date. The calculation of the payment amount will be performed by applying the per day payment amounts as specified in Table 3. Thus, for days 1 through 10, the payment is \$15045 per day. For days 11 through 20, the payment is \$30090 per day and so on.
